Highlight the Positive,

Eliminate the Negative,

Illuminate This Year!

Dedication:

"I couldn't think of a more deserving person for this year's dedication. Teaching itself can sometimes be a thankless job, but undertaking the responsibility of producing something as special and priceless as a school annual requires someone who is as selfless and dedicated as Paula McRaney. Having known her my whole life I've always admired her work ethic and attention to detail. Always optimistic, never afraid, she is a true professional that we all should admire."

-Michael Gaudin

Born: 10/20/1966
City: New Orleans
Raised: Pearlington
Graduated: 1984
Sibling: Michael Gaudin
Daughter of: Michael & Andrea Gaudin

Mrs. Paula McRaney has been teaching at Hancock High School for a period of fourteen years. She is originally from New Orleans, Louisiana. She moved to Pearlington, Mississippi, which is where she resided until she graduated from Hancock North Central; Class of 1984. Her Class consisted of some of her fellow co-workers, such as: Mrs. Fucich, Mrs. Tina Ladner, and Mr. Golding. She then went to college at University of Southern Mississippi to get her Masters Degree in Education.

She has been married to Stace McRaney for 20 years and has two children named Patrick and Meredith McRaney.

She is always there for her students. She's dedicated to her classes and the yearbook.

There is rarely a dull moment with her around whether she is teaching her classes or helping create the yearbook. She is an all around amazing teacher and mentor. We the editors of The Hawk are proud to dedicate the yearbook to Mrs. McRaney.

Class of 2014

President: Kelly Rhoades

Vice President: Marlee Necaie

Secretary: Mattlan Ladner

Treasurer: Katherine Grafe

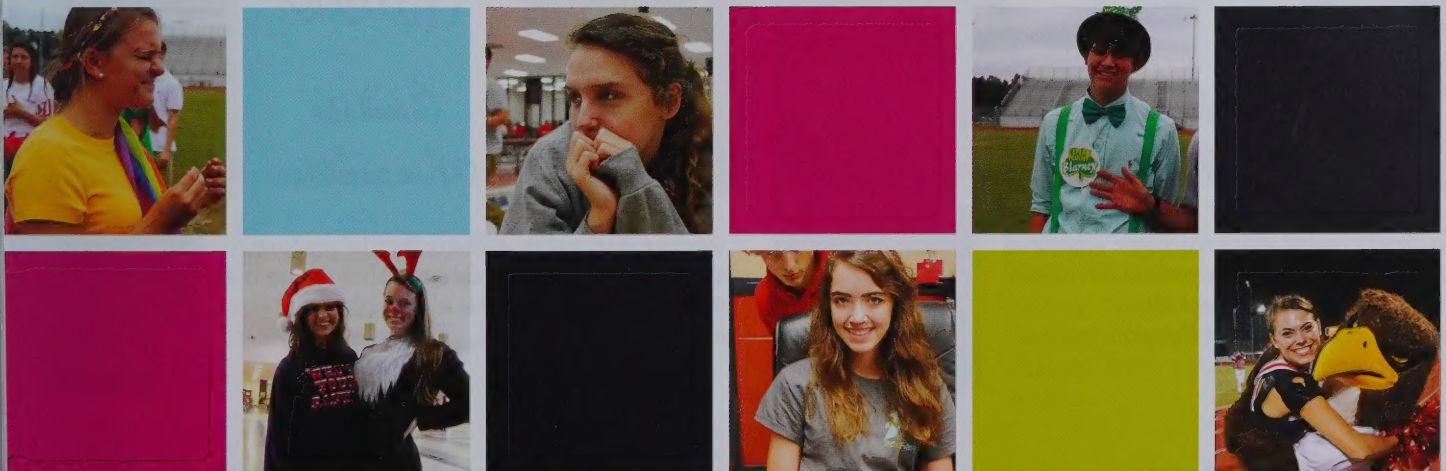

Well Class of 2014, WE DID IT. Since we very first entered the halls of Hancock High, the bond our class shares has been noticed throughout the years. We came together in every trial and triumph, and have always given our all, whether it was during homecoming week or during those awful state tests. The Funky Freshman, Spirited Sophomores, Jennifer's Juniors/ Jumping Juniors, and THE Seniors always come out on top! This doesn't just apply to high school; I know that that is what will define each and every one of us for the rest of our lives. I think I speak for our entire grade when I say I wouldn't trade one of us for the rest of our lives, and I will always remember how we "Did It On 'Em" time and time again. Thank y'all for being the BEST class Hancock High school has ever seen.

XOXO

We appreciate all of the hard work and dedication you have put forth this year. As class officers, we are truly blessed to represent the class that would be remembered for the way we treated others. We accomplished this goal by doing our best to show HHS the meany of "TRUE Hawk Pride." In The years to come we will no longer remember what we won or who we beat, but we will always remember the fun we had and how proud we were to be the class of 2015. We have one more year left to leave a legacy that will not be forgotten. Always remember, "We Are Hancock!"

SOPHOMORES

Striking Sophomores

Dear Class of 2016,

Sophomore year has been better than I could have ever imagined! I have so much pride in what we have accomplished as a class this year, and I hope that we continue to excel with every year ahead. Therefore, remember that we only have two years left here at Hancock High, so make the most of it! Have fun, but always be POSITIVE, BRAVE, and HUMBLE in whatever you do. NEVER GIVE UP. Get out of your comfort zone, and push your limits to be better! I believe every one of us is capable for greatness. In closing for this year I just want to honor, and I thank all of you with my deepest gratitude for giving me the privilege to lead our class.

FRESHMEN

Fine Freshmen

We. Are. Freshmen. Our chant rang throughout the gym on the Wednesday of Homecoming Week. We. Are. Freshmen. For that moment, we united as a single body and illuminated the gym with our school spirit. Isn't that what high school is really about? We may hang out with different people, might be in different clubs, might be in the band or might be involved in athletics, but when we put away our differences and unite together for a cause greater than ourselves, we shine. We. Are. Freshmen.

Hall of Fame

Tyler Necaize

While at Hancock High School, Tyler has been a member of Beta club, FBLA, National Honor Society, Student Council, Mu Alpha Theta, Rho Kappa, National English Honor Society, French National Honor Society, Renaissance Club, News Team and Prom Committee. Tyler was Student Council President during his senior year and Class President during his freshman, sophomore, and junior year. He also held the positions of National Honor Society Public Relations Chair and Renaissance Club Leadership Team, each for one year. Tyler played football for three years and was a member of the bowling team during his senior year. During his four years of high school, Tyler made Superintendent's Honor Roll every semester. He also won first place in desktop publishing two years in a row at the district FBLA competition. Tyler plans to attend Ole Miss next fall and major in Forensic Science. He then plans to attend law school so that he can pursue his dream of being a lawyer. Tyler thinks that Hancock High School is special because both the students and the staff truly want to be the best, and he firmly believes that HHS is the best school in the nation. His advice to underclassmen is to try not to stress because the four years of high school fly by way too fast. Don't let the stress of making good grades prevent you from enjoying high school because the friends you make in high school are truly special

Niall Mebaffey

Nialls plans to attend the University of South Alabama and major in biology with an emphasis in pre-medicine. After college, he sees himself working alongside his brother and performing research to further advance modern medicine. Throughout his years in high school, he has been a scholar athlete. Niall has earned the Academic Achievement Award in French II, Entrepreneurship and Personal Finance. He has also gotten the Hawk Award in Human Anatomy and Physiology and Genetics. In his first semester of high school, he earned Principal's Honor Roll, but for the past two years has been on the Superintendent's Honor Roll. He has participated in Beta Club, National Honor Society, National French Honor Society, French Club, Student Council and Mu Alpha Theta. He has been the President of Beta Club and National Honor Society for the duration of his senior year. In addition to his active club memberships, he has been a member of the soccer team and the tennis team for four years and also a member of the cross country team for three years. He was the captain of the tennis team his eleventh and twelfth grade seasons. Throughout his years in high school, he has found that what makes HHS special is the undying spirit all the students have for the school. For the underclassmen, I would have to say that you should open every door possible for yourself because you never know what kind of opportunities you can create for yourself or the people you will meet in the journey you know as life.

Brandon Butler

During his stint at Hancock High School, Brandon has participated in multiple clubs and sports. He competed in basketball, track, and cross country for 3 years. He was captain during his senior year in high school cross country. Brandon was also captain of Quizbowl for both years he participated. He was also President of First Priority and captain of FCA. In addition, he was a member of NHS, NSHS, Mu Alpha Theta in high school. Similarly Brandon competed and placed in many state competitions. In 8th grade his team placed third in Beta Quizbowl. His junior year he placed 3rd at the Math and Science competition in Biology and Chemistry. His senior year he won both Math and Science Scholarships at the Beta Club convention and won Biology in the Math and Science competition. Upon graduation, Brandon plans to attend Mississippi State to obtain a bachelor's degree in Chemical Engineering before pursuing his Ph.D at another University. Brandon says, HHS is special because the teachers here truly care about the students' well being and success in the pursuit of knowledge. As for advice to underclassmen, he says to be as involved as you can, high school flies by.

Katherine Grafe

Throughout high school, Katherine has been involved with Beta Club, National Honor Society, National French Honor Society, French Club and Mu Alpha Theta. She has also served as the the Class of 2014 treasurer for three out of the four years of high school. She is the captain of the varsity soccer team and the Beta Club Vice President. Additionally, she has obtained the Superintendent's Honor Roll for four years and has been selected as the Wendy's High School Heisman recipient. Her time at HHS has been filled with many fun moments and everlasting memories. HHS provides a positive learning environment, while implementing fun and Hawk Pride in every activity. She advises underclassmen to embrace everyday with an optimistic attitude because four years go by in a hurry. After high school, Katherine plans to attend Mississippi State University and major in Mathematics. Eventually she hopes to move to North Carolina, become a teacher, and start a family of her own.

Hayden Brewer

Hayden plans to attend college at the University of Mississippi and major in English Literature. He sees himself as a professor at a major university in the future. He has received many awards including Student of the Month, Polymer Science Academic Achievement Award and Most Hawk P.R.I.D.E. for soccer. Hayden has been on the Principa's Honor Roll for 6 of his 8 semesters at Hancock High and Superintendent's Honor Roll for 1 semester. He has been in Beta Club, French Club, Rho Kappa, National English Honor Society, Student Council and History and Government Club. He has been the secretary of both Beta Club and Vice President of Student Council for 1 year each. He has participated in soccer and tennis for 4 years each. HHS is a place where students and teachers share one common goal: Excellence, that is what makes this school special. To all freshmen, keep track of your awards and never, ever give up on your dreams.

Hannah Stealey

Hannah plans to attend Mississippi State University and major in chemical engineering. In the future, she desires to have a successful career and family of her own. Hannah has received academic achievement awards in Geometry Honors, English II Honors, French I, and Economics Honors, as well as several other various awards. she has also been on the superintendent's list throughout high school.

During her time at Hancock, Hannah has served as both Vice President and President of National English Honor Society, National French Honor Society and French Club. Hannah has enjoyed being on the varsity swim team since seventh grade and also in the Pride of Hancock marching and symphonic bands since freshman year. Hannah thinks that being a Renaissance school makes HHS special because everything from painted bathrooms to hawk hand prints on the wall to senior wishes is a unique and awesome experience.

Hannah's advice to underclassmen: "Get involved in the school. Volunteer. take the ACT as many times as you can. Most of all, make the most out of your time at HHS."

Marlee Necaize

Marlee will be attending the Honors College at the University of South Alabama and majoring in Biomedical Sciences. In the future, she sees herself with a husband and two kids, living in Florida, and working as a dermatologist. In high school Marlee was a cheerleader for four years. While she was on the squad, the team won first place at the Dixie Nationals and second in the state in 2011 and 2013. Marlee served as vice-president of her class and an Honor Roll student all four years at HHS. Marlee was a member of National Honor Society, National English Honor Society, Mu Alpha Theta and was president of the Spanish Honor Society. She was also a member of Beta Club, Future Business Leaders of America, News Team, Renaissance Leadership Team, Prom Committee and First Priority. HHS is special to Marlee because it has a wonderful faculty and student body that supports and encourages one another. Marlee's advice to the underclassmen is to remember that high school only lasts four years. Make the most of every moment and don't dwell on things you can't change.

Star Student

Brandon Butler

Brandon Butler has been selected as the Star Student for the Class of 2014. The Star Student, in addition to other criteria, is selected on the basis of their ACT score.

At HHS, Brandon has excelled academically and has been active in many clubs and has participated in cross country, track and basketball. Brandon has chosen Mr. Austin Daugherty as his Star Teacher.

Congratulations Brandon and Mr. Daugherty

She was chosen as Most Improved Musician in her junior year. Dana has been on the honor roll throughout her years at HHS. Dana plans to pursue a doctorate in Psychology.

Well, here you are, another phase in your life complete and another one ahead. Every time an obstacle was thrown in your path, you just trampled over it. To accomplish what you have already accomplished, under such hard conditions, is simply astonishing to me. I am very proud of you for graduating high school with such terrible odds against you, and I have no doubt that you will continue to build a successful career in the future. The thing that daddy is most proud of, is the fact that you have stayed true to yourself. You have grown and matured into a very respectful and well-mannered young lady. The thing that makes it so amazing, is the fact that you have had many chances to make excuses for not succeeding, but you passed up the excuses and turned them into stepping stones toward greater things in life. You are an outstanding daughter. You make what could be very long days for me, pass in a flash. Your willingness to make me smile on the days that I would be crying, is a testament to the loving heart that you have. You make me proud to be a father. I love you with all my heart and soul

Your dad and I are so grateful and thankful to have you as our daughter. Throughout the years it has been a blessing and an honor to watch you grow and prosper into a smart, determined, strong minded, amazing young woman. In life, never settle for OK--go above and beyond to seek and accomplish your goals. No matter what life throws at you, keep you head up and never forget who you are. Just be yourself because through life's journey, you will face up and downs, but remember as long as you put God first, he will be with you and see you through them all. Your dad and I love you far, far more than what we could ever put into words. But if we could...if I could, I would say...

You are the son that every parent dreams of having. We could not be more proud of the man you have become. Your character and integrity are important to you. You are finding your voice and moving forward in positions of leadership. God will rely on you to use that leadership to model the qualities of a good, honest and loving man. You have been blessed with height and people will have to look up to you during your lifetime, the important thing is to make them want to. Senior year is a year of letting go, when parenthood becomes a complicated mixture of pushing you forward and holding you back. Every day I cry a few tears as I get used to the idea of your moving on from our home, but at the same time, I am so excited for you to embrace this next phase of life. Have fun, work hard, and enjoy every single day. Always keep God first in your life for he has blessed you with a good mind, good looks, good health, and a Great heart.

We are always in your corner, your loudest cheerleader, and the proudest Parents!
Love Always, Dad, Mom & Shelby

Sophia Beddoo

Sophia,

When we first met you, honestly, we were scared. We'd never been so responsible for anything, a newborn baby so small and fragile. But the first time felt so natural, our heart swelled and having you felt so right. After learning to walk, you never slowed down, exploring your world, having fun and mastering all sorts of skills.

You wouldn't give up until you had it right, whether bicycling, math, soccer, Rock band or whatever. Your determination was always solid.

Elementary, Middle, and High School, looking back, time has passed so quickly. But we can see that you have grown and ready to fly, moving faster and farther every day down the path of your future, and really just getting started...so much opportunity waiting in front of you.

We've never had any doubt that you would excel. We know that whatever you set your mind to do, you will be the best that you can be because that's the way you want it to be, and that's what we as parents have worked and prayed for.

It's been such a joy to have you in our lives!

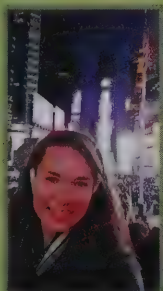

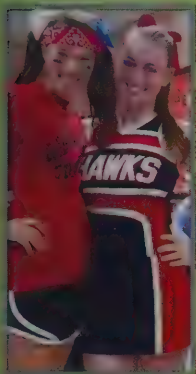

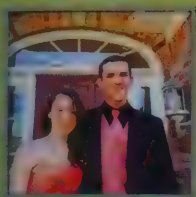

Always remember that with prayer, faith in God, the love of family and friends, hard work and determination you will be happy and succeed in life.

We are so PROUD of you!

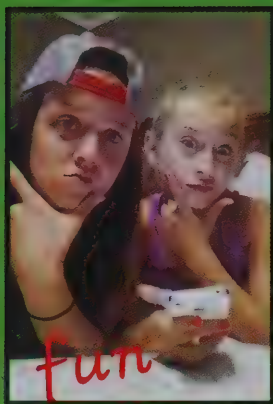

Love Always,
Mom and Dad

My sister, Sophia, is a lot of things. She's funny, creative, smart, skilled, determined, athletic, caring, friendly, and sometimes a bit of a klutz, but she will always only be one thing to me-my big sister. Now, I know that the role of older sister can be an arduous task, but it is one that Sophia was born to play. She's the best role model and the coolest teacher I could ask for. From day one, I've been trying to live up to her successes, and I know I'm still far away from that goal, but I will strive to continue on because I want to be just like her one day-amazing.

Love you big sis,
Jessie

Shelby Linn

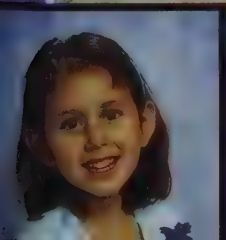

My dearest Shelby,

I am so proud of you and love you so much. There are so many things I would like to say as you start the next chapter of your life. I will try to keep it short. You are in charge of your happiness, no one else. Attitude is everything so keep a positive attitude, always. Learn from your mistakes. Mistakes and failures are just experiences that make us wiser and successful. Hard work reaps great rewards. DREAM big, WORK hard, and BELIEVE that you can do anything you put your mind to. But most of all, believe in yourself. Go out there and be a superstar!

All My Love,
Mom
